

As a voter and citizen of Indiana, I am speaking out against proceeding 02-278. I am very satisfied with current Indiana law regarding Do Not Call List and see no improvement if banks or anyone else is allowed to call me whenever they wish without my permission. I believe other citizens of Indiana feel as I do, everyone I talk with agrees with me on my opposition to 02-278. Banks do not call you to help you they call you to separate you from your hard earned money!
